

**Successful mission:**

**bta first travel to keep award as ‚Best Travel Management Company‘ also in 2019**

Glattbrugg, September 2019

The ‚STMF - Swiss Travel Management Forum‘, which takes place at Zurich Marriott Hotel every September, brings together decision-makers from the Swiss business travel industry to discuss current topics and challenges in the world of corporate travel.

Following the STMF, the best in the industry will receive awards from the trade magazine ‚BusinessTravelTip‘. After bta first travel had already been awarded the title ‚Best Travel Management Company‘ in 2018, recognition was also granted in 2019.

„We are very proud to have won this award again this year. It shows that our tailor-made service solutions are also appreciated by customers in an increasingly standardised world. At the same time, this is an incentive for us to consistently continue along the path we have chosen with our colleagues,“ says Roland Birchmeier, CEO of bta first travel.
